THE FOLLOWING INFORMATION TECHNOLOGY FUNCTIONS ARE REPRESENTATIVE OF THE SERVICES WE OFFER:

CompuTek Consulting, Inc. takes great pride in its ability to service its clients – as a true single source provider – with a vast spectrum of world class IBM iSeries and ebusiness service offerings, encompassing all phases of the project life cycle. We dramatically streamline the project management process for our clients by eliminating the need to coordinate numerous independent contractors or multiple outsourcing firms, thus providing a single point of contact for all of your project needs.

APPLICATIONS DEVELOPMENT

Looking for a custom solution? Have you spent a lot of time, energy, and money making your business unique only to find that your off-the-shelf software doesn't do the job anymore? Or maybe you have existing tools and applications that just won't work together. We can help. CompuTek Consulting specializes in providing flexible software solutions to meet your needs.

- APPLICATION DESIGN
- PROGRAMMING
- IMPLEMENTATION
- SYSTEMS ANALYSIS
- TESTING
- SUPPORT

SYSTEM SUPPORT

Need reliable, expert and professional support for your IBM iSeries software systems? Our team has the experience and track record to keep your systems and business humming. We can be on-call for your specific needs any time day or night. You can count on us.

- TROUBLESHOOTING
- USER INTERFACING
- RECOMMENDATIONS
- MAINTENANCE
- USER TRAINING
- MANAGEMENT REPORTING

PROJECT MANAGEMENT

CompuTek Consulting has a proven track record for delivering successful projects, as well as transforming unsuccessful projects into magnificent success stories. Whether it be managing our client's internal resources, our own resources, or a third party's resources, we provide the highest quality project management consultants to ensure your project is completed on time, within scope, and on budget.

- BUSINESS ANALYSIS
- DESIGN/DEVELOPMENT
- TECHNOLOGY STRATEGY
- RESOURCE MANAGEMENT
- DATA ANALYSIS
- ROI PROJECTIONS
- PROJECT PLANS
- IMPLEMENTATION

UPGRADES

Whether you desire to upgrade your ERP system or IBM Operating System, we can help. With our many years of experience, we've successfully helped our clients estimate, plan, execute and implement smooth upgrades. Large or small scope? Custom, vanilla or combination applications? We've done it all!

- UPGRADE PLANNING
- DATA/SYSTEMS ANALYSIS
- RESOURCE MANAGEMENT
- TESTING
- IMPLEMENTATION
- ESTIMATES
- PROJECT PLANS
- PROGRAMMING
- SYSTEM INTEGRATIONS
- SUPPORT

ECOMMERCE

Our team of EDI experts has repeatedly helped companies realize substantial increases in the speed and accuracy of the transmission of their company's data, while increasing their freedom to perform other critical tasks. We know how to successfully integrate web applications with your core IBM iSeries systems.

- PROGRAM ASSESSMENT
- MAPPING
- MAINTENANCE
- TRAINING
- INITIAL SETUP
- IMPLEMENTATION
- SUPPORT
- SYSTEM INTEGRATION

PERFORMANCE TUNING

System running slow? Need to know whether your iSeries performance is being impacted by an application or throughput constraints? We've worked directly with IBM to improve clients applications and systems performance.

- TROUBLESHOOTING
- SOFTWARE ANALYSIS
- PROGRAMMING
- SYSTEMS ANALYSIS
- RECOMMENDATIONS
- SYSTEM CONFIGURATION

"We contacted CompuTek Consulting to enhance and automate our existing iSeries AS/400 modules and processes. Their experience guided our first venture of automating our month end process minimizing manual intervention and cutting our run time by 70%."

"I recommend CompuTek Consulting as a premier AS/400 consultant and programming firm."
